THE ITALIAN TOUCH

Da oltre quarant'anni **Ceppi** è sinonimo di **altissima qualità degli arredi**, frutto di una lunga tradizione di manualità, sapienza artigianale ed abilità artistica legate al suo territorio, la Brianza, un'area in cui affondano le radici della storia del mobile Italiano; con **CEPPI – THE ITALIAN TOUCH** si crea un nuovo marchio ed un nuovo linguaggio stilistico, e Ceppi si fa strada nel mondo del lusso contemporaneo introducendo la sua nuova linea moderna, un magico incontro tra l'accattivante bellezza del design e l'alta artigianalità Italiana.
Nella nuova collezione convivono **esclusività e pregio**, creazioni nate per vivere in cornici abitative uniche e prestigiose, facendo conoscere, e riconoscere, la propria eccellenza e quella del **Made in Italy**.

CEPPI – THE ITALIAN TOUCH vuole essere un nuovo punto di partenza verso uno **stile pulito e ricercato** per arredare nuovi spazi contemporanei, in sintonia con uno stile di vita moderno attento alla qualità e all'autenticità.
Tra gli obiettivi aziendali c'è al primo posto quello di soddisfare anche le più **complesse e ricercate esigenze di personalizzazione**, avendo come interlocutore una clientela dal profilo sempre più cosmopolita ed internazionale.

*For over forty years, **Ceppi** has been synonymous with the **highest quality furnishings**, the result of a long tradition of manual ability, craftsmanship and artistic skill linked to its territory, the Brianza, an area in which the roots of the history of Italian furniture sink; **CEPPI – THE ITALIAN TOUCH** is the creation of a new brand and a new stylistic language for Ceppi, who makes its way into the world of contemporary luxury and introduces the new modern line, a magical encounter between the captivating beauty of design and the high Italian craftsmanship.*
*In the new collection **exclusivity and quality coexist**, creations born to live in unique and prestigious living frames, making known, and recognizing, their excellence and that of **Made in Italy**.*

***CEPPI – THE ITALIAN TOUCH** wants to be a new starting point towards a **clean and refined style** to furnish new contemporary spaces, in tune with a modern lifestyle attentive to quality and authenticity.*
*Among the company's objectives there is the first place to satisfy even the most complex and **sophisticated customization needs**, having as an interlocutor a clientele increasingly cosmopolitan and international.*

NEW YORK PROJECT

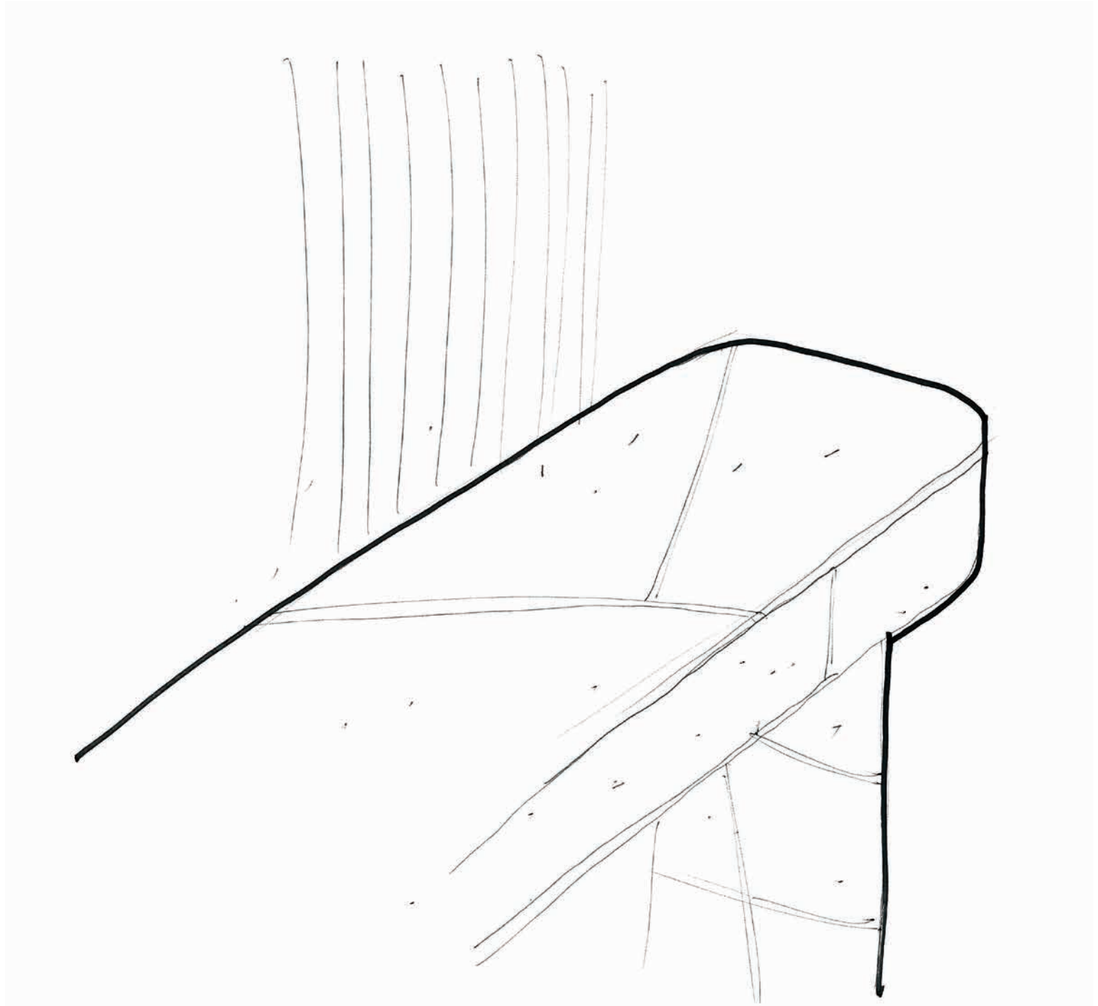

Luminosità, eleganza, e ricercatezza caratterizzano l'appartamento Newyorkese che affaccia direttamente su Central Park, che Ceppi ha arredato con il suo stile lineare moderno, mantenendo alta e forte l'artigianalità Italiana che caratterizza i suoi prodotti.
L'utilizzo di un legno caldo e pregiato come il noce canaletto, accostato ad inserti in acciaio bronzato su tavoli, madie, consolle e tavolini, è il filo conduttore della collezione, che ritroviamo anche nella zona notte.
Divani e poltrone hanno forme arrotondate per avvolgere chiunque si sieda, in una morbida e confortevole seduta. Troviamo poi un utilizzo ricorrente del cuoio, che Ceppi presenta con eleganti cuciture a vista ed a contrasto, su sedie, strutture di poltrone, comò e comodini.
L'importanza di accostare elementi differenti nelle varie zone della casa, è una peculiarità della collezione, per questo motivo troviamo pregiati marmi in Sahara Noir e Travertino utilizzati come piani di tavoli e tavolini, accostati a gambe in legno massello rivestite in cuoietto.

La collezione è caratterizzata da materiali di pregio e rifiniture fatte a regola d'arte come Ceppi sa fare, e guarda sempre al Made in Italy come punto di forza e tradizione da tramandare negli anni a venire.

Brightness, elegance and refinement characterize the New York apartment that overlooks directly on Central Park, which Ceppi has furnished with its modern linear style, maintaining high and strong the Italian craftsmanship that characterizes its products.
The use of a warm and precious wood like the Canaletto walnut, combined with bronze steel inserts on tables, sideboards, consoles and coffee tables, is the main thread of the collection, which we also find in the sleeping area.
Sofas and armchairs have rounded shapes to wrap anyone sitting in a soft and comfortable seat.
There is also a recurring use of leather, which Ceppi presents with elegant visible and contrasting stitchings on chairs, armchair structures, chests of drawers and bedside tables.
The importance of combining different elements in the various areas of the house is a peculiarity of the collection, for this reason we find precious marbles in Sahara Noir and Travertino used as table tops and tables, juxtaposed with solid wood legs covered in leather.

The collection features fine materials and finishes done to perfection as Ceppi knows how to do, and always looks to Made in Italy as a strong point and tradition to be handed down in the years to come.
